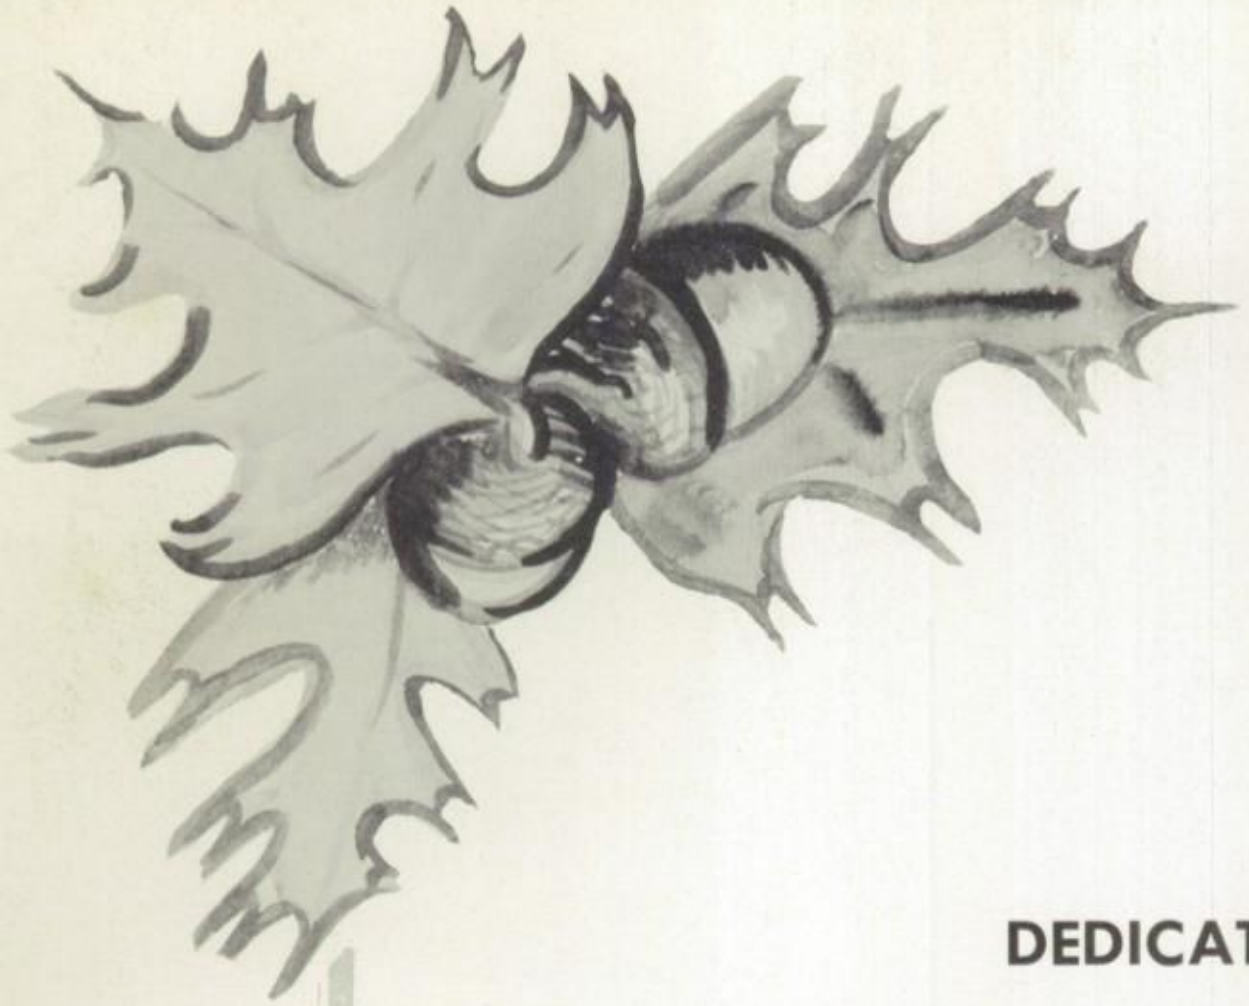
LITTLE ACORNS GROW



DEDICATION

Growing is a part of our American heritage. From the founding of our first colony our country began to develop. Each individual began to realize his rights as a citizen and the responsibility of each to use his potentialities in the right way. As the colonists grew in understanding, they began to develop concepts of honor, loyalty, brotherhood, dependability, integrity, and sportsmanship—the basic principles upon which successful lives are built. These qualities have grown with the passing of the years. Today, in this era of progress, we know we must strengthen these concepts and put them into active practice in our everyday lives.

We, the graduating class of 1956, through the years have shared with others the advantages of having associated with conscientious students and with an understanding faculty who together have given us the opportunity of growing in wisdom and stature. Therefore, to those who have already shared these experiences and to those who are yet to enjoy them, the members of the Class of 1956 dedicate this **Andersonian.**

EDUCATION FOR DEMOCRACY IN A FREE SOCIETY

Democracy will be saved in America by the influence of the free public schools. The importance of free public education has been recognized since the founding of our nation. As our society becomes more complex, the education of the individual assumes greater responsibility, not only to himself, but to society as a whole. As society becomes more complex, and as education assumes greater responsibilities, the process of education encompasses the activities of a more competitive, complex life. Today a fair mastery of the three R's is not sufficient; that and a lot more compose the minimum essentials that will enable an individual to make any significant contribution for himself and his fellowmen.

The public schools of America are our only effective laboratory for training in the American way of life. The good school is just that, a laboratory for democratic training. There was a time when our schools prepared **for** democracy. Today our schools **are** democracy in action. In addition to the three R's, today's schools accept the responsibility to develop the understanding, attitude and the behavior needed for effective participation in the various communities of men. The student's first experience in group living is the family. Next is the school. The good teacher will constantly make use of home training and will provide the opportunities for participation in the more complex community, the school, and at the same time, help pupils interpret their school experiences in the light of the larger communities of which their school is a part.

Teaching the academic will maintain its important role, but we should remember there are academic areas of learning today that were considered extra-curricular a short time ago. We, therefore, must be alert to keep our training in democratic living abreast of the current educational needs of young people. These things we do at Anderson.

To the Seniors:

One of the memorable occasions in your lifetime is now at hand. You are about to reap the harvest which you have sown over a period of the last twelve years. This is indeed a time for sober reflection.

Education is a never-ending process. Man progresses because he is constantly struggling to improve his lot. Self-satisfaction stifles progress. In the final analysis, your success in life will be measured by your ability to reap enjoyment and satisfaction in what you do.

Gracious living comes from the peace of mind that results in the knowledge of a job well done. Would that you might adopt the philosophy of a noted educator who said, "Be ashamed to die until you have won some victory for humanity."

ACTIVITIES

STUDENT COUNCIL

The Student Council is the center of extracurricular activities, the coordinator of clubs and organizations. Through its representatives it seeks to improve student morale and to make Anderson one of the outstanding schools of Ohio. Activities sponsored by the Student Council include the Homecoming festivities, the Interclub Christmas Dance, a volleyball game between the students and faculty, and a series of special assembly programs. In order to encourage scholarship and to recognize qualities of leadership, the Council presents a one hundred dollar scholarship to an outstanding senior of the year. Membership on the Student Council affords an opportunity for experiencing the privileges and responsibilities of government through democratic processes.

VOCAL MUSIC

The school year 1955-56 saw the Anderson chorus appearing in many outstanding performances. In October the school was honored by the vocal group's appearance at the Southwestern Ohio Teachers' meeting. Both at Thanksgiving and at Christmas the organization performed on television. An outstanding combined chorus and band program highlighted the Christmas season. In the early spring the chorus competed in the S. M. E. A. Contest held at Dayton, Ohio, and received an Excellent Rating. The annual Spring Concert in April, another combined chorus and band program, and Baccalaureate Service completed a year filled to capacity with work, fun, and music.

Accompanists. M. Daily, K. Scharringhausen.

Mr. West directs . . .

. . . the Chorus sings.

Y-TEENS

Our Song

If we can grow as simply
As common blades of grass,
Both tall and straight as trees grow to the sky,
Then we can learn to know,
To know and understand
Ourselves and others—what we do and why.

Chorus

We, the younger generation,
Are striving now to build a better world.
Peace and unity,
Freedom and brotherhood,
Those we have set to be our goal.

If we can grow in thinking
As broad as all the earth,
Make tasks at home enlarge our worldwide goal;
Grow out of little dreams,
Take all into our plans —
Our country will be loved from pole to pole.

Brownie flips the switch.

Rev. C. Pinnell, C. Bell, Jr., J. Sollberger, and H. D. West dedicate the field lights.

OUR DREAMS GROW BRIGHT

On September 23, 1955, the big lights on Anderson's athletic field were dedicated for community use. Thus "Brownie's" dream of many years was realized. The successful completion of the project was due to the combined efforts of the Anderson Township Boosters' Club, alumni of the school, and citizens of the community who generously contributed both financial assistance and technical skill that Anderson's might be the best lighted high school athletic field in the state.

We can see them now!

Cheerleaders.

PARENT-TEACHERS ASSOCIATION

Jane Osmond, P.T.A. president, adds the woman's touch.

The P.T.A. fosters a good relationship among parents, teachers, and pupils. The annual spaghetti supper is typical of its activities which provide good fellowship for all members of the school and community.

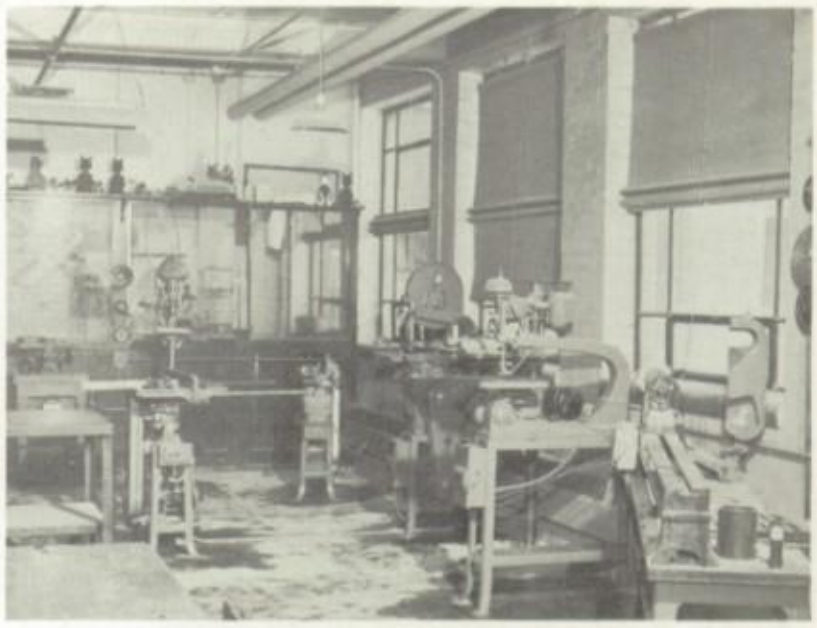
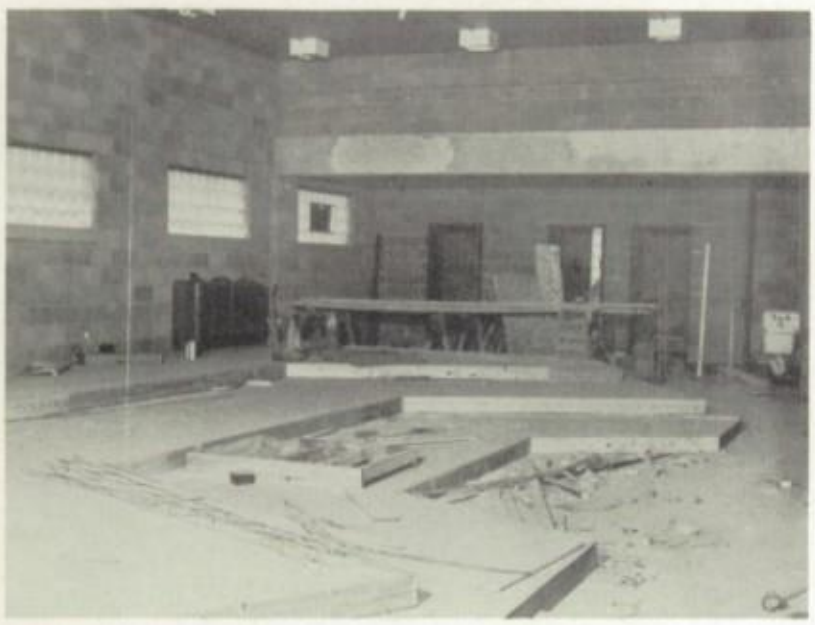
Elementary.



The old industrial arts room will become a chorus room and teachers' lounge.



The new band room.

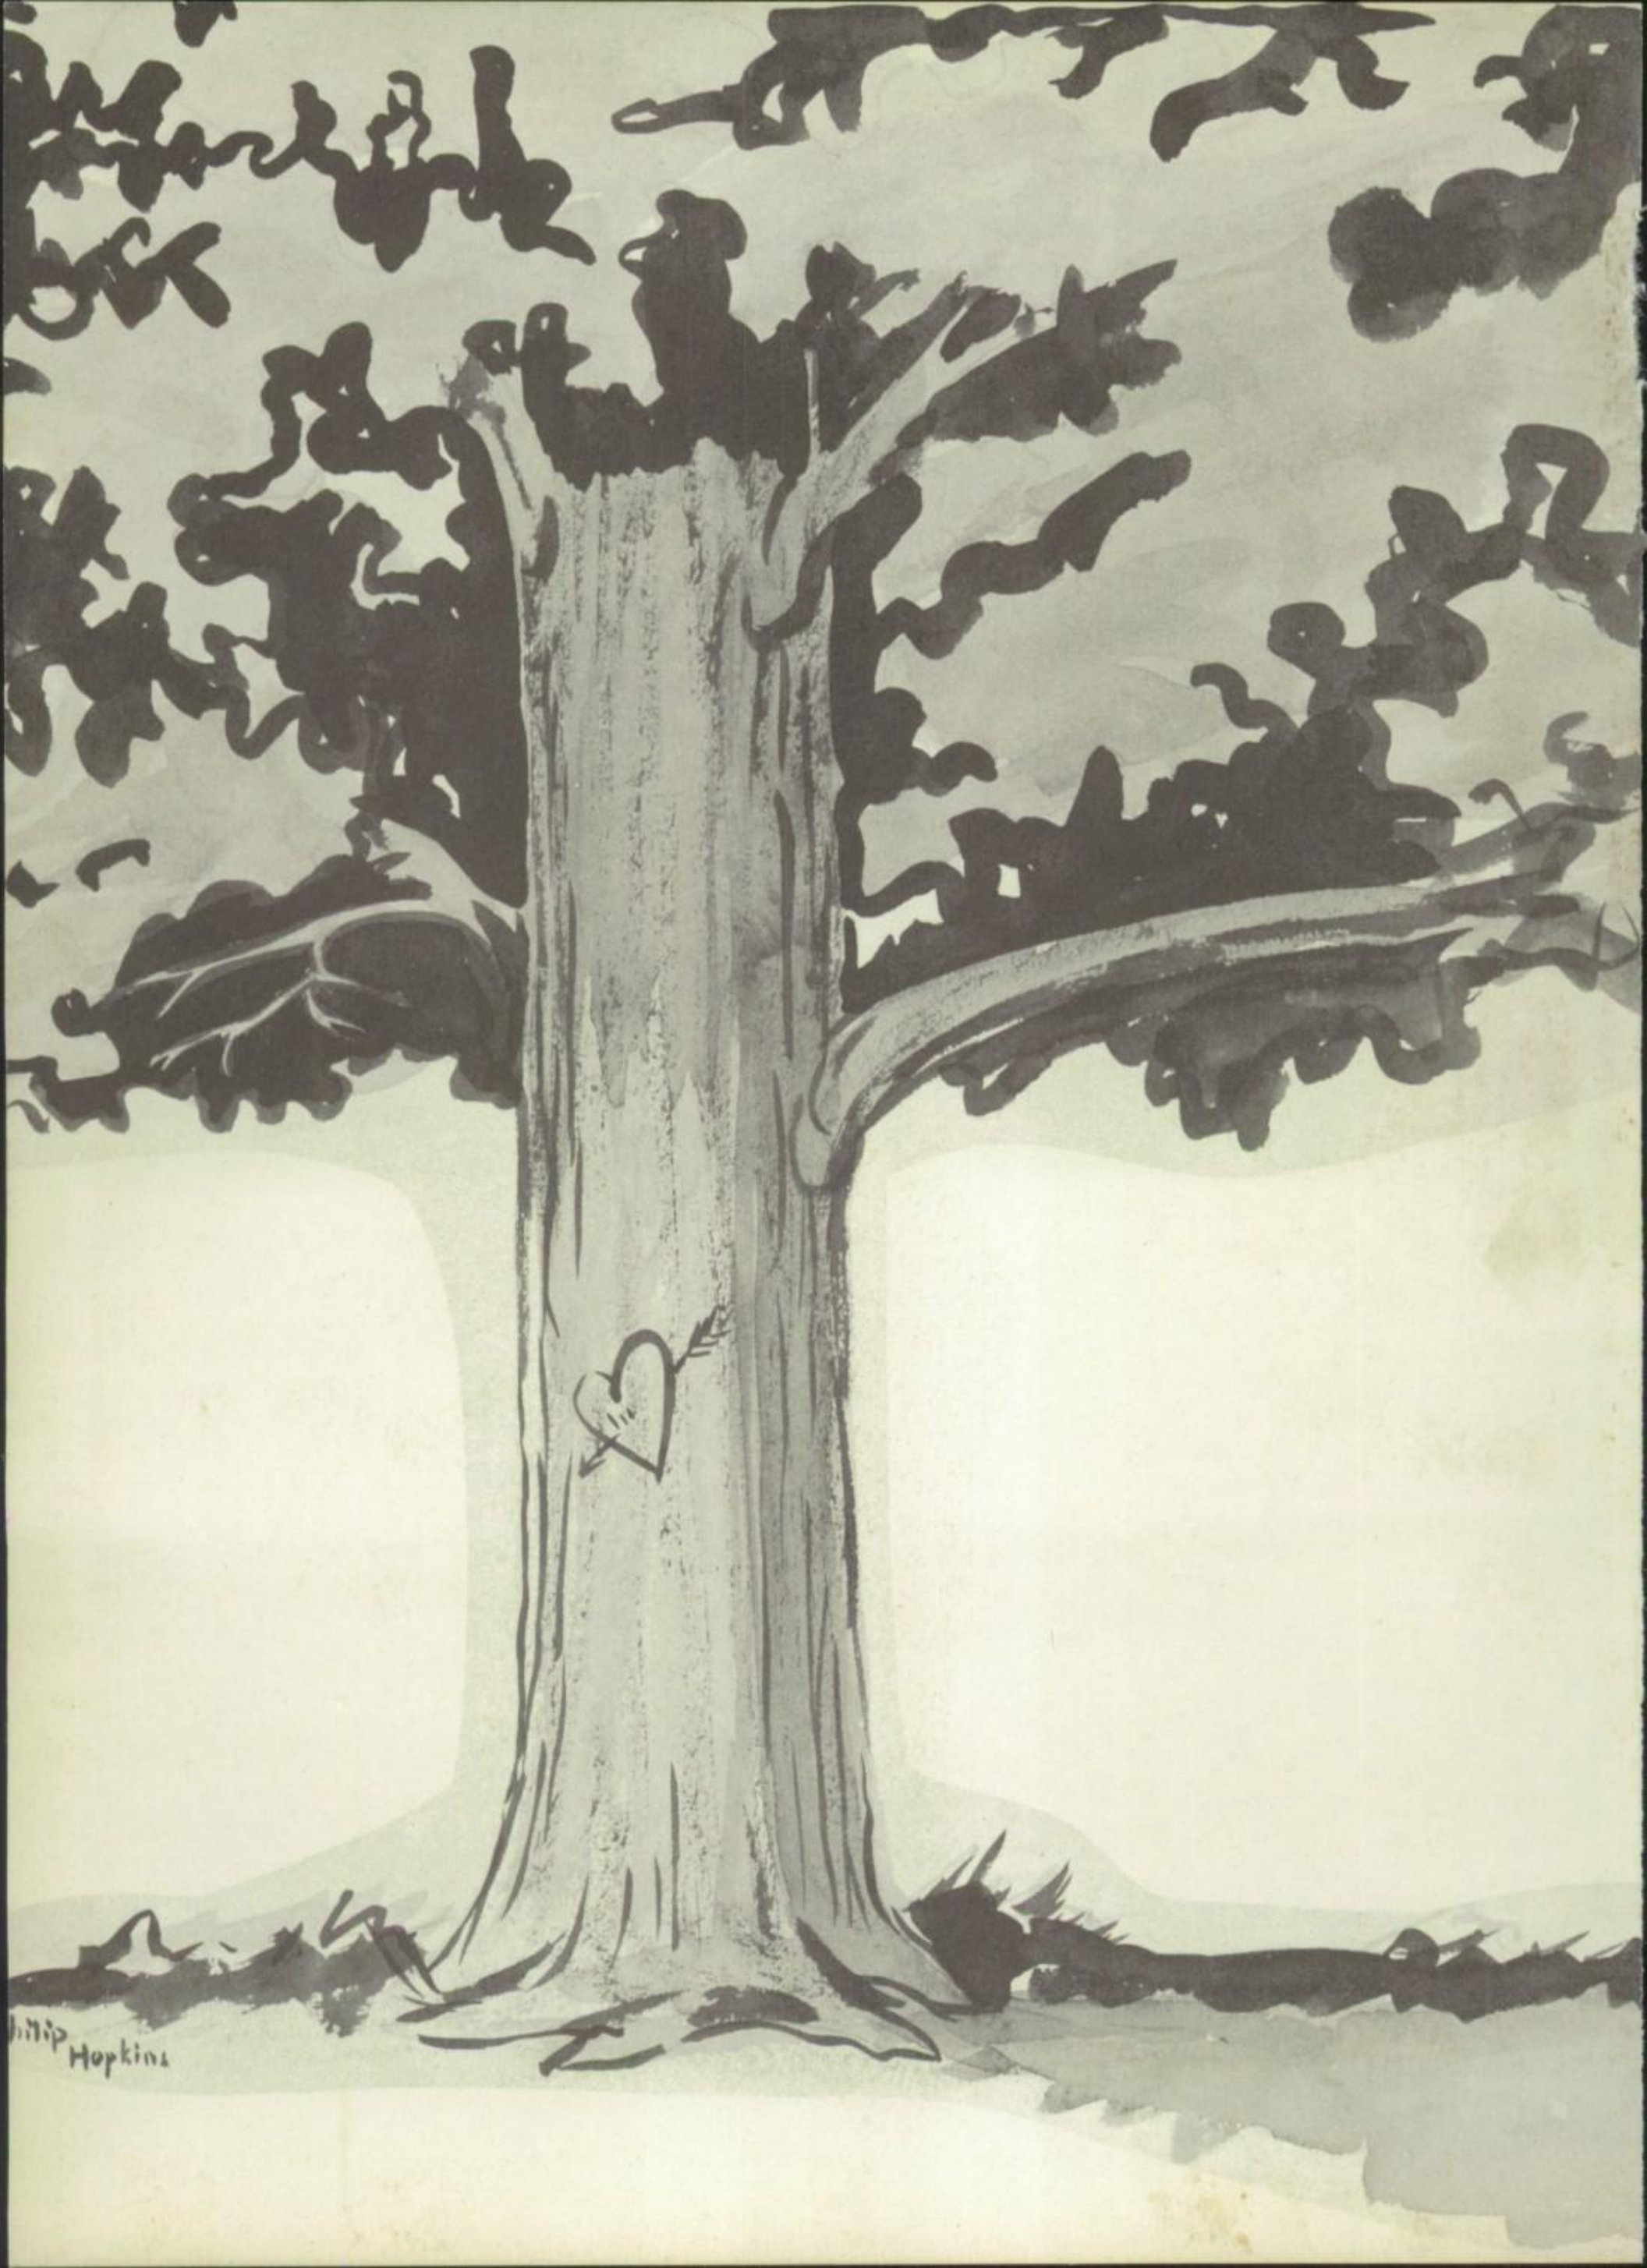
Junior High completed.

THE OLD AND THE NEW

As we close the pages of this ANDERSONIAN, we look to the future with confidence. May the ideals and aspirations of Anderson grow ever brighter as she guides young Americans in democratic living.

Exterior of the new band and industrial arts section.

Elementary.



Hopkins
